The Builders are a coalition of "professionals" - doctors, scientists and architects, and they have assembled in the city of Ember. Ember is a city built by men who believe that the end of the world is coming shortly, and they have constructed it so that it, and its inhabitants, can survive the apocalypse. The city has amassed supplies for Emberians that will last at least two hundred years. The first mayor of the city of Ember was given a locked box by the original Builders.
